

Dear Dr. Kay, Dr. Mile & Staff,

I just wanted to send this note to say "Thank You". You have all been wonderful in taking care of my whole family esp. Daniel recently with his last 2 episodes.

You are all very professional. I appreciate the follow-up calls to make sure everything is OK!

Even though I have felt like this over the years, I never took the time to put it in writing.

Again Thank You for everything. The staff - you work great together!!

Sincerely,  
Doris
